Navigating Changing Seas

Fall Workshop

October 19-21, 2021

- Virtual -

“The old sailors steered by the stars, not to get there, but to keep a steady course.”

From Climate Transition to Market Transformation:

Explain how energy efficiency, electrification, and DER technologies can reduce water demand

How to prepare existing buildings to improve building energy performance & reduce climate impact

Electrification & Energy Reduction Go Hand-In-Hand To Reduce Household Impacts
